

Jody Peck

Hello, my name is Jody Peck. I am a mother to five amazing kids. I have been in Alaska for over 20 years now. I have had the privilege of raising my children here in Wasilla with my husband until he passed away suddenly six years ago. Through that tragedy, my kids and I have grown closer and learned incredible empathy and resiliency. We have also learned of the deep love of our Father God. I enjoy a wide variety of activities —volunteering at church with youth, working hard, roasting s'mores at the campfire and having fun!

I have been a parent on the AAC since its inception and understand its role and function. I would be honored to continue to be a part of the AAC and help create and sustain policies and practices that best benefit the students, families, and staff at Mat-Su Central. I would especially enjoy serving this year as we look to the future and make plans for our own school building.

I am currently involved in Mat-Su Central as a parent to a senior, a seventh and a first grader. I have had children at MSC for 15 years now. I enjoy the freedom, variety, and support available to homeschoolers at MSC. My family has also benefitted from the myriad of on-site classes; the music classes have been a favorite for all of my kids. As kindergarteners, they each learned to take turns, raise their hand, get in line, and participate as part of a group with Ms. Mitchell. I truly believe that MSC is the best individualized learning program in the valley.

I will help to make the MSC program more relevant by bringing my experience as a seasoned homeschooler to the table. As an active person in the community, I have a listening ear to those around me that have suggestions for improving the school. I have experience bringing ideas, and also issues, to the AAC so that they can be discussed, solved and our school made better for all involved.
