

RACHEL HARRISON

My name is Rachel Harrison, and I have a master's in education. I taught public school for five years before my husband joined the army as a chaplain. We have three children aged 13, 12, and 9 that we have always homeschooled. I love matching their education to the area we live in (e.g. - world history in Europe; landforms and surface features in Colorado; American history in South Carolina), and I am a curriculum junky. I love to read, and I have a website that keeps me busy writing as well.

1. I want to be a part of the AAC because I enjoy how it keeps me connected with what is going on at the school. I love to look through the new curriculums that are presented, and I enjoy working with the staff for the betterment of all our students.
2. I currently have all three children enrolled at MSC (one each in high school, middle school, and elementary school). We chose MSC because of the amazing staff. I love that each child and family is considered on a case-by-case basis instead of being forced into a factory setting. I have served on the AAC for the last 3+ years, and I would like the opportunity to continue helping in this role.
3. I will make the MSC program better by attending and participating in the AAC meetings. I bring a unique perspective to the team with my military background, and I will collaborate with the rest of the AAC to respond to the unique challenges facing MSC now and in future days.
